BRUT-21	5		
BRUT-42	8	BRUT-8	*
BRUT-43	3	BRUT-42	*
BRUT-8	3		*
BRUT-11	8	BRUT-43	*
BRUT-14	5	BRUT-42	

During this sprint, we planned bi-weekly meetings to ensure implementation of all stories were on track.

During planning, we labeled BRUT-11 as a stretch goal because we knew the required dependencies to implement it were extensive.

From BRUT-11, despite it being a stretch goal, we learned that we should minimize the length of the critical path for future sprints.
